SUSHI GIRL has a low budget and an out-of-control cast and damn, does it look like a ton of fun.

Starring Tony Todd (CANDYMAN), Mark Hamill (STAR WARS, BATMAN: THE ANIMATED SERIES), Jeff Fahey (LOST, MACHETE), Sonny Chiba(!), Michael Biehn and Noah Hathaway (Atreyu in THE NEVERENDING STORY!) the film is the story of a group of criminals hashing out their differences over sushi.. off of a naked girl.

Here's the synopsis: "Fish has spent six years in jail. Six years alone. Six years keeping his mouth shut about the robbery, about the other men involved. The night he is released, the four men he protected with silence celebrate his freedom with a congratulatory dinner. The meal is a lavish array of sushi, served off the naked body of a beautiful young woman. The sushi girl seems catatonic, trained to ignore everything in the room, even if things become dangerous. Sure enough, the four unwieldy thieves can’t help but open old wounds in an attempt to find their missing loot. And they’ll stop at nothing to get it as they torture Fish for information and reconstruct the past. They quickly discover that the facts don’t all add up, but what they don’t realize is that the truth is lying right in front of them…”

The trailer shows off a good deal of style and a cast that's jumping at the chance to ham it up. Can't wait to check it out.
