
“This planet is a game preserve, and we’re the game.” The ultimate hunters are back as PREDATORS arrives on Blu-ray and DVD today from 20th Century Fox Home Entertainment with plenty of special features that bring you deeper into the Predator universe. We’ve got copies to give away and an exclusive clip to show you!

There’s no question that one PREDATORS scene stands head and shoulders above the rest: The sheer insanity of the epic duel between a Predator and the samurai sword-wielding Yakuza (Louis Ozawa Changchien) amongst tall wind-blown grass should ignite fire in everyone’s eyes. Check out an excerpt from that battle below. Directed by Nimrod Antal (KONTROL, VACANCY) and produced by Robert Rodriguez, PREDATORS also stars Adrien Brody, Alice Braga and a batshit-crazy Laurence Fishburne as just a few of the humans hand-picked by the Predators for recreational hunting on their home planet.
