There are MONSTERS IN THE WOODS, but you don’t have to go outside to see ’em. Fango has some copies of the new Osiris Entertainment DVD release to give away, so keep reading for details.

Here’s the synopsis: Low-budget filmmaker Jayson Herrisford has made the movie of his dreams…but to his dismay, it can’t sell in Hollywood. In order to salvage the film, Jayson is told to add sex scenes and more violence. Out of money and clinging to his last chance to get the movie sold, Jayson approaches his psychotic producer Bravo and orders him to assemble a cast and crew and immediately begin a reshoot of the film. Tragedy strikes when Jayson is accidentally killed by his inept crew. They agree to finish the movie, but soon after are attacked by an unrelenting swarm of deadly “devil dogs” from hell. Unknown to them all, Bravo has made a pact with the devil to provide 12 souls in order to get the movie made. Mayhem ensues as the survivors attempt to kill the demons and close the entrance to hell before the whole Earth is consumed by evil!
