Brought to you by FANGORIA, the world's number-one cult film and horror entertainment magazine, KISS: MONSTER—The Official Album and Tour Magazine is a mag made by KISS fans for KISS fans, and it's on the way this summer.

Celebrating the upcoming release of MONSTER, the band's 20th album, and their accompanying summer tour with Motley Crue, this glossy, 72-page collectors' magazine features dozens of rare, new and never-before-published photographs as well as fresh interviews with KISS members Gene Simmons, Paul Stanley, Tommy Thayer and Eric Singer, wherein they muse on the past, reflect on the present and look to what lies in store for "the hottest band in the world…KISS!"

You'll also get a thorough, critical look at the full KISS discography; a preview of MONSTER by the band; secrets behind The Tour; a look at the design of the new KISS costumes as well as their outfits worn through the ages; Simmons and Stanley remembering classic KISS albums like CREATURES OF THE NIGHT and ALIVE; an in-depth retrospective of the delirious TV movie KISS MEETS THE PHANTOM OF THE PARK; and so much more! Edited by FANGORIA EIC (and card-carrying KISS Army member) Chris Alexander, this towering salute to the band's ever-evolving mythology is one that every self-respecting KISS fan MUST have.

KISS: MONSTER—The Official Album and Tour Magazine will be on newsstands *everywhere* in late June, and will also be available to order through KISSonline.com and this site.
