Once upon a time, there was a mighty fine horror website named FANGORIA, and they had several copies of GRIMM: SEASON ONE on Blu-ray to give away to some lucky fans!

We all know fairytales are scary as hell; Grannies being eaten by wolves, witches killing maidens with poisoned apples, and blackbirds feasting on noses. What the hell kind of kids' stories are these? GRIMM brings out the scares in fairytales and amps them up to a level any horror fan would cheer for.

"Classic Grimm's fairy tales come to life like never before in the supernatural series GRIMM. Available on Blu-ray and DVD on August 7, 2012, GRIMM: SEASON ONE allows fans to experience all 22 chilling episodes back-to-back and uninterrupted. Homicide detective Nick Burkhardt discovers he is descended from a long line of criminal profilers known as "Grimms," protectors who are charged with keeping the balance between humanity and the creatures of myth. With newly awoken abilities to detect the evil lurking among us, Nick struggles to keep his old life separate and safe as he becomes ever more entrenched in the ancient rivalries of the Grimm world."
