One of you Fango fans are in luck! We've got a signed poster for the Jeffrey Combs shocker WOULD YOU RATHER up for grabs. It's striking stuff, and you won't have to play any torturous games for it... We think.

Starring RE-ANIMATOR's Combs, Sasha Grey (both of whom lent their signatures to the prize) and Brittany Snow, WOULD YOU RATHER finds "Iris [Snow] struggling to make ends meet while caring for her terminally ill younger brother. Shepard Lambrick [Combs], a seemingly philanthropic aristocrat, expresses an interest in helping them. When he invites her to an exclusive dinner party, she accepts. Also attending the dinner party are seven more desperate individuals. They soon find themselves trapped in Lambrick's mansion and forced to play a sadistic game of Would You Rather, where the winner will be awarded untold amounts of money. As the game progresses, the dilemmas Iris and the other players face grow increasingly deadly."

You can find the one-sheet, signed by Combs, Grey, director David Guy Levy and writer Steffen Schlachtenhaufen below. To win, send an email to Sam@Fangoria.com with the subject, "WOULD YOU RATHER" with your name and address. And tell me one of the titular games Combs' character forces his dinner guests to play.

WOULD YOU RATHER is now available on VOD and digital download from IFC Midnight. For more, find our exclusive chat with Combs **here** .
