## **EXCL Audio: Fede Alvarez talks "EVIL DEAD"**

Written by Chris Alexander Monday, 25 February 2013 12:31

Hot on the pencil-poked heels of our cheerfully repugnant EVIL DEAD <u>cover announcement</u>, FANGORIA Editor Chris Alexander tracked co-writer/director Fed Alvarez to his home in Uruguay to talk about his hotly anticipated gore-caked remake.

Here then, is an exclusive audio chat with Alvarez, in which he talks about life in Raimi-ville, the pressure of the fevered EVIL DEAD fanbase and the sting of the MPAA. Enjoy!

For much more on EVIL DEAD see the aforementioned FANGORIA #322 (on sale in March) and keep an eye on Fangoria.com as its SXSW world premiere fast approaches.
