Adam Gierasch's NIGHT OF THE DEMONS remake doesn't have a release date yet, but cine matographer Yaron Levy has posted footage from the film online. Sorry, no lipstick scene. However, the clip does have plenty of blood, babes and a bloated Edward Furlong.

On his personal <u>webpage</u>, Levy has posted a montage reel of the horror films he has worked on, including some revealing footage from DEMONS. A redux of Kevin Tenney's 1988 film, DEMONS (see FANGORIA #291) stars T2's Furlong, Shannon Elisabeth (CURSED), Monica Keena (FREDDY VS. JASON), Bobbi Sue Luther (LAID TO REST) and Diora Baird (THE TEXAS CHAINSAW MASSACRE: THE BEGINNING).
