Have I mentioned how much I love *gialli*? The convoluted plots steaming with mystery, the ultra bright blood flowing from victims, the moody music and even moodier characters. Gah! They are my ideal way to spend an evening. Thanks to the brilliant madmen over at Blue-Underground, I can share this love with you all in the form of a sweet contest!

Today, we are giving away set from the new Midnight Movies Collection from Blue Underground (out July 31st). Each winner will receive two DVDs; the first is a "horror triple feature" containing A BLADE IN THE DARK, MACABRE, and SHOCK. The second DVD is a "thriller triple feature" with THE BLOODSTAINED SHADOW, SHORT NIGHT OF THE GLASS DOLLS, and WHO SAW HER DIE?.

Want to win these fine flicks? Well then, put on you black leather gloves, sharpen up your shiniest knife, and send an email to rebekah@fangoria.com.

Please be sure to place "midnight movies set" in the subject and include the following info:
