The British shocker THE SEASONING HOUSE is getting ready to creep into your consciousness, and we’ve got a brand new poster to share with you.

Below is the international artwork from Kaleidoscope Entertainment, which will be announcing a UK release date soon. The directorial debut of busy Brit makeup FX artist Paul Hyett, who scripted with Conal Palmer and Adrian Rigelsford, THE SEASONING HOUSE stars Rosie Day, Sean Pertwee, Kevin Howarth, Anna Walton and Jemma Powell in the story of Angel, a deaf-mute orphan who is forced to care for girls who have kidnapped and enslaved in a Balkan brothel, and plots to escape from her vicious captors. You can view the trailer below the poster, and go [here](#) for Hyett’s comments on THE SEASONING HOUSE.
