

Well, November is here and that means cold weather is upon us in much of the US so warm up by a fire and stream this month's brand-new [FANGORIA'S DREADTIME STORIES](#) episode for FREE or purchase it via download, commercial free with extended scenes, for only \$1.99.

November's episode is entitled

["Here Come the Sludge"](#)

and your host into the macabre, as always, is Malcolm McDowell. "Here Come the Sludge" is written by Steve Nubie, who also brought you "A Fungus Among Us." Here's the plot for "Here Come the Sludge"...

Some scientists believe that all of the water on earth was the result of icy comets bombarding the primordial planet and simply melting into deep oceans, lakes and seas. Others believe that ancient microorganisms hitched a ride and gave rise to life for the first time. It seems to be a preposterous proposition. Unless you consider that a fresh comet is en route with the seeds of a new form of life, or perhaps...a new form of death.

The cast includes: Malcolm McDowell (Host), Jamie Baron (Wilson), Jim McCance (General & Announcer), Christian Stolte (Jackson), Tim Dadabo (Cop, Sarge & Captain), Jeff Morrow (Jones & Command 1), JoBe Cerny (The President), Ilyssa Fraden (Phillips & Rosie), Lexxie Stiefel (Lisa & Woman), Carl Amari (Tom, Pilot & Seaman), Roger Mueller (Major, Guy & Command 2) and Steve Nubie (Chief & Jet Pilot).

Don't forget that ["Here Come the Sludge"](#) is yours to stream FREE the entire month of November 2012. If you'd like to own the commercial-free version (with extended scenes) please digitally-download it for only \$1.99.
