Wanna see ZOMBIELAND's Amber Heard and THE UNBORN's Odette Yustman? Wanna see ZOMBIELAND's Amber Heard and THE UNBORN's Odette Yustman in skimpy bathing suits...?

The two young actresses star in AND SOON THE DARKNESS, the remake of Robert Fuest's 1970 suspense thriller about two women who are cycling through the French countryside and split up; one of them goes missing and the other goes on a frightening quest to find her. In director/co-writer Marcos Efron's redux, the girls are Americans and traveling through Argentina.
